

Current Committee Membership

Sustainability Leadership Steering Committee

The Campus Sustainability Task Force report, "Pathway to Sustainability Leadership by MIT: Incubation, Transformation, and Mobilization", shared on April 5, 2018, provided a vision and comprehensive framework for MIT's commitment to campus sustainability, now and into the future. On June 1, 2018, 125 MIT faculty, staff, and students assembled for an implementation design forum to debate and formulate ways to realize that vision through concrete actions and evaluation of outcomes. The Sustainability Leadership Steering Committee of faculty and staff will support implementation of actions to realize the vision by making recommendations, reviewing progress, and determining priorities as sustainability benchmarks are set and achieved. The Committee reports to the Provost and the Executive Vice President and Treasurer.

Prof. Andrea Campbell, Co-Chair

Political Science

Dr. Julie Newman, Co-Chair

Office of the Executive VP & Treasurer
